

HAGUE COMPUTER SUPPLIES LTD HEALTH & SAFETY POLICY

1. Policy Statement

Hague is committed to health and safety leadership, instilling the highest values for health, safety and welfare in all employees, utilising industry standard health, safety and welfare practices in all we do and focusing on creating an injury free workplace

Hague is committed to:

PROVIDING safe and healthy working conditions for its employees and visitors alike so that work activities are conducted safely ensuring we are compliant with all applicable laws and regulations.

MAINTAINING A STRUCTURE that assures proper oversight, using health and safety performance and accountability as a measure for management performance.

GIVING HEALTH & SAFETY an equal consideration with all business functions.

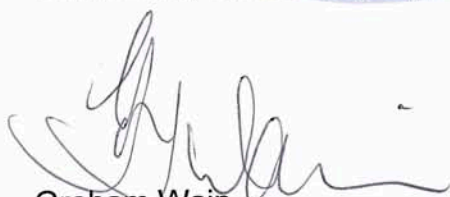

INTEGRATING HEALTH AND SAFETY GOALS into our business strategies and plans and reporting our status.

STRIVING FOR AN INJURY FREE WORKPLACE by building upon the belief that all incidents, injuries, work related ill health and diseases are preventable.

UNDERTAKING RISK ASSESSMENTS to identify hazards and implement appropriate risk control measures in all areas of health and safety.

PROVIDING ALL PERSONS with such information, training and supervision that is necessary for their health, safety and well-being.

FOSTERING A HEALTH AND SAFETY ETHIC amongst our management, employees, contractors, customers, suppliers and communities.

Graham Wain

Managing Director Hague Computer Supplies Ltd
